Tech Skills

Programming Languages: C, Java, HTML/CSS, JavaScript, Python, TypeScript, DotNet

Libraries: Pandas, Scikit-learn, Numpy, Matplotlib, Seaborn

Databases: MongoDB, SQL

Web Technologies: React, Node, Express

Frameworks: Angular, Vitejs

Version Control: Git, GitHub

Soft Skills

- Problem Solving
- Team Collaboration
- Communication
- Adaptability
- Time Management
- Critical Thinking

Career Objective

Proactive web developer with expertise in the MERN stack (MongoDB, Express.js, React, Node.js), committed to leveraging skills in full-stack development to contribute to innovative projects. Dedicated to continuous learning and improvement while excelling in team collaboration and adapting to dynamic environments.

Achievement

- **Participant, HACKOUT24 - DAIICT University (Aug-24):** Developed an online shop for farmers with team NAAVI, gaining insights into agricultural challenges and networking with industry professionals.
- **2nd Runner-Up, CodeRelay-24 Programming Club - Darshan University (Mar-24):** Achieved 2nd Runner-Up position in CodeRelay-24, demonstrating exceptional problem-solving skills and technical expertise in a competitive environment.
- **Runner-Up, DU Frolic 2023 Code-A-Thon - Darshan University (Sept-23):** Secured runner-up in the final round of the DU Frolic 2023 Code-A-Thon, showcasing advanced coding and algorithmic skills among a large pool of participants.
- **Runner-Up, DU Hackathon 2023 - Darshan University (Dec-23):** Contributed as a team member to win runner-up at DU Hackathon 2023, highlighting effective teamwork and innovative solutions in a hackathon.

Education

Bachelor of Technology

Darshan University, Gujarat, India

Expected Graduation Date : 2026

CPI : 9.2

Higher Secondary School

Pathak School - Rajkot

2020-2022

HSC per. : 60%

Secondary School National School - Lodhika, Rajkot

2020-2022

SSC per. : 70%

Languages

- Gujarati
- English
- Hindi

Hobbies

- Hollywood Movies
- Cricket
- Reading
- Tennis

Certificates

- Anveshna-Atmiya University 2024
- Frolic 2024 DU
- Hackout 2024
- Coderelay 2024 DU
- Frolic 2023 DU
- Hackathon 2023
- Udemy - JavaScript
- HackerRank - Java

Projects

- **AI-Powered-Email-Generator :** https://email-generator-puce.vercel.app/ Developed a React/Node/Python application using Google Gemini for prompt-based email generation with customizable parameters. Integrated with JWT.

- **PayTM:** https://paytm-ashy.vercel.app/ Developed a web application mimicking core features of Paytm, enabling users to send money to other users. Implemented user authentication using JWT, balance display, and transaction processing using React, Node.js, and MongoDB.

- **Coffee Shop - DotNet Semeste 5** : Make a stunning coffee management shop using dotnet core with integrate MSSql database. it comprises with the storeprocedure and authentication.

- **Modern Animated Website for Ray-Ban - Semester 4** : Created a visually engaging and interactive website for Ray-Ban featuring modern animations and responsive design.

- **Employee Management System (MEAN Stack) - Semester 4** : Designed and built an Employee Management System leveraging the MEAN stack (MongoDB, Express.js, Angular, Node.js). Enabled functionalities for employee records management, including addition, modification, and deletion of employee profiles. Incorporated role-based access control and an intuitive Angular frontend for enhanced user experience and efficiency.
